THE GUIDE FOR THE DIGITAL TRANSFORMATION MANAGER (DTM) FOR THE FURNITURE SECTOR HAS BEEN PUBLISHED

The "[Guide for the DTM](#)" has been published with all the keys to help the Digital Transformation Manager to promote and lead the digital transformation in their furniture manufacturing company.

The Guide for the DTM consists of **100 micro training pills** organized in 10 chapters (4 technical and 6 transversal). Each pill includes a video and additional reference materials. The pills cover both strategic and practical aspects of the Digital Transformation for furniture companies.

These are the topics addressed in the **Guide for the DTM**:

- Digital technology - exploration of contemporary emerging and potential disruptive technologies
- Digital technology - engineering and manufacturing
- Digital technology - simulation and AR/VR
- Digital technology - data & security
- Innovation and digital transformation
- Leadership in digital transformation
- Communication in digital transformation
- The people within the digital transformation
- Quality, risk and safety in digital transformation
- Social and environmental impact of digitization

Download the "[Guide for the DTM](#)" and also sign up for free in the online course "[Digital Transformation Manager for the Furniture sector](#)". This online course has a duration of 70 hours and if the related tests are properly passed at the end of each unit, you will get the DITRAMA Certificate, proving you passed the course. The course offers two training paths: for Higher Education students (EQF 5 with 2.8 ECVET credits) and for Vocational Education & Training students (EQF 4 with 1.4 ECVET credits).

Do not miss out on this great opportunity to become the DTM of your company !
