What is new in the project?

CirCLER Circular Furniture Labs

Circular Furniture Labs is an initiative of the CirCLER project. This activity is designed to promote accessibility, dissemination, and the practical use of the results, knowledge and practices achieved within the project, ensuring they directly benefit the sector.

CirCLER Finalises Training Content for Circular Economy Transition Managers in the Furniture Industry

The CirCLER consortium has completed the development of all training contents within the CirCLER training course for Circular Economy Transition Managers (CETM): Leading the Circular Shift in the Furniture Industry.

This achievement represents an important step in CirCLER’s mission to enhance circular and sustainable skills in the furniture and woodworking sectors. The partnership has designed and validated a comprehensive Joint Curriculum that bridges Vocational Education and Training (VET) and Higher Education (HE), providing a coherent European framework to prepare professionals capable of leading the circular transition.
